Ingenuity

ECMS Student Innovation Grant 2016

The Faculty of ECMS is offering a total of \$12,000 to innovative and interactive student projects in 2016 which can be showcased as part of the faculties future outreach offerings.

As part of the Ingenuity initiative the Faculty of ECMS is pleased to launch the ECMS Student Innovation Grant. This grant is open to students in ECMS who are designing and developing a project in 2016 which can be:

- Showcased at Open Day (August) and Ingenuity (October)
- Used by the ECMS Marketing, Engagement and Recruitment team for outreach in 2017 and beyond

Criteria for Applications

Applications are required to state the name and purpose of the activity/project, the cost and benefits to the school, faculty and University. To be considered, all applications must meet the following criteria:

1. An **innovative and interactive** project appropriate for use at outreach initiatives and events.
2. The project/activity must be **displayed at Open Day 2016 and Ingenuity 2016**.
3. **Community focussed** - specifically how the project/activity will get the community involved at the event.
4. **The project must be available for use by the marketing, engagement and recruitment team** in 2017 and beyond for future events and activities. (This means the project cannot be dismantled or unavailable in future years).
5. **The project must be available to be showcased by a faculty staff member** at a range of outreach initiatives and events in 2017. This means training on how to present the project must be available and resources to accompany the project would be highly regarded.
6. Applications must provide a contact person with appropriate contact details to ensure that any additional questions may be answered.
7. Relevant but concise information can be provided on applications. Images/photos/graphics attachments are permitted and suggested.

Ineligible Applications

The ECMS Student Innovation Grant supports new, innovative and creative projects. Hence the fund **will not** accept applications for:

1. Design of printed material, including flyers, posters, banners and brochures – unless it is supporting material to another component of an innovative project
2. Printing costs – unless it is supporting another component of an innovative project
3. T-Shirts
4. Casual staff and students' salaries
5. Speakers' fees

Timing

To provide enough time for planning and development of projects/activities the following timelines are proposed:

Submission deadline: 5pm Wednesday, 18 May 2016

Evaluation and selection of applicants will be completed by: Friday 20th May, 2016

Winners announced: Tuesday 25th May, 2016

Evaluation and Selection of Applications

Submissions will be considered and reviewed by a panel of representatives from The University of Adelaide. All applications will be evaluated on a single day to gain consistency in the process.
